Dear Dr. Lederberg:

Thank you for your recent letter to Congressman Reuss on reports and studies which have been issued by the Research and Technical Programs Subcommittee. We are faithful readers of your column in the Washington Post and I am therefore delighted to send you a set of the recent reports of the subcommittee. We also enclose a July 22, 1966, press release announcing an extensive investigation of the use of social research in federal domestic programs. The first step in that investigation was the preparation of a staff study which will shortly become available for release to the public. I shall see that a copy of that study is sent to you.

Sincerely,

(Mrs.) Edna Gass  
Staff Administrator
